PRODUCT ATTRIBUTES:

- Premium printing papers with a unique cast coated surface for reproducing the finest printed images.
- Triple coated surface using chrome casting drums produces an extremely flat, ultra-rich gloss, uniformly absorbent, mirror smooth and resilient surface.
- Uniform and ultra-flat printing surface delivers mottle free print solids, perfect reverses and true-to-life reproduction.
- Unique mirror gloss surface produces the highest print gloss creating the look of an original photograph.
- Compressible, smooth and flat cast coated surface performs exceptionally in all detailed embossing, die cutting, foil stamping and silk screening applications.
- Full product range including calipers and text weights in both one side and two side coated.

- Coated one side cover has fully coated back side for four color process printing.
- Contains wood pulps from well managed forests certified in accordance with the rules of the Forest Stewardship Council (FSC).
- Complies with Toy Safety regulations for archival quality: ASTM F963-07e, Hasbro SRS-12, REACH Regulations, CONEG and ANSI Z39.48.

PRINTING AND CONVERSION:

- Recommended for offset lithography, gravure, thermographic, letterpress, screen print processes, laser and HP Indigo processes.
- Exceptional performance in embossing, scoring, die cutting, foil stamping, varnishing and film laminating.

APPLICATIONS:

- Annual report covers, art/photo prints, book covers and book jackets, brochures, business cards, calendars, greeting cards, hang tags, promotional inserts, media kits, packaging, pocket folders/portfolios, posters, postcards, sell sheets and specialty tickets.

FSC CERTIFICATION CD15371:

- All Kromekote Cover, Text and Folding Board products are FSC certified.
